Full name
Mifrah

Father's name
Muhammad Shahid

Date of birth
19 April 2002

Mifrah

Web & App Developer (Frontend)

Professional summary

Motivated and detail-oriented frontend developer currently enrolled in the Modern Web and App Development program at SMIT. Skilled in building responsive, clean websites using HTML, CSS, Tailwind CSS and JavaScript, with hands-on experience from many frontend projects completed during the course. Also holds practical training in fashion designing, which brings a strong eye for design, layout and aesthetics to my work. Eager to grow in a professional development environment.

Education

Modern Web and App Development — Currently enrolled
SMIT
